

Welcome

Thank you for choosing Center for Sight for your eye care needs. We would like to take this opportunity to welcome you as a patient and introduce you to some of our policies and procedures that you may find helpful.

Please print the Patient Registration Form found on our website and fill out prior to your arrival. A completely filled out registration form will help our front office staff to expedite the organization of your chart allowing you to see the doctor in a timely manner. Printing, signing and bringing other on-line forms such as Patient Authorization, HIPAA Privacy Notice and Office Policies will help quicken your registration process also.

Center for Sight is committed to protecting the identity of its patients and helping to prevent Identity Theft. We ask that you bring a form of photo identification and your most current health insurance card(s). If you are in an HMO, your insurance company requires that you obtain a referral from your primary care physician prior to your visit.

Depending on your medical status and your optical needs, your initial eye exam will take 1 to 1 1/2 hours. Please arrive 15 minutes early to allow staff to complete your registration process.

You can help us to provide you with a thorough examination by bringing your most recent pair of eyeglasses or contact lenses, if any. Also, please bring in any current medications you are presently taking.

If you are seeing one of our ophthalmologists, your exam will begin with a technician recording a complete medical history, checking your vision and eye pressure, as well as other tests, based on your individual needs. Your eyes may be dilated, which means they will be sensitive to light, and your near vision will be blurry. They will remain dilated for about 3 – 4 hours. We highly recommend that you make arrangements for someone to drive you home after the exam.

Once again, we welcome you and thank you for choosing Center for Sight. We consider it a privilege to care for you and hope your experience here is a pleasant one. Please feel free to contact our office with any questions you may have.
